VersaWine

THE MOST VERSATILE
MERCHANDISING SOLUTION
ON THE MARKET

VersaWine is the ultimate gravity shelving system on the market. Its unique versatility allows merchandisers to face a variety of products on a single shelf. Utilizing our proprietary glide sheet and adjustable patented dividers ensures continuous facings and increased sales.

VersaWineSLIDE + **VersaWineRoll**

Superior product presentation
Dividers adjust in ⅛" increments providing a more dynamic product mix and additional facings.

Minimize clean up time
Removable roller mats or glide sheets allow for easy cleaning.
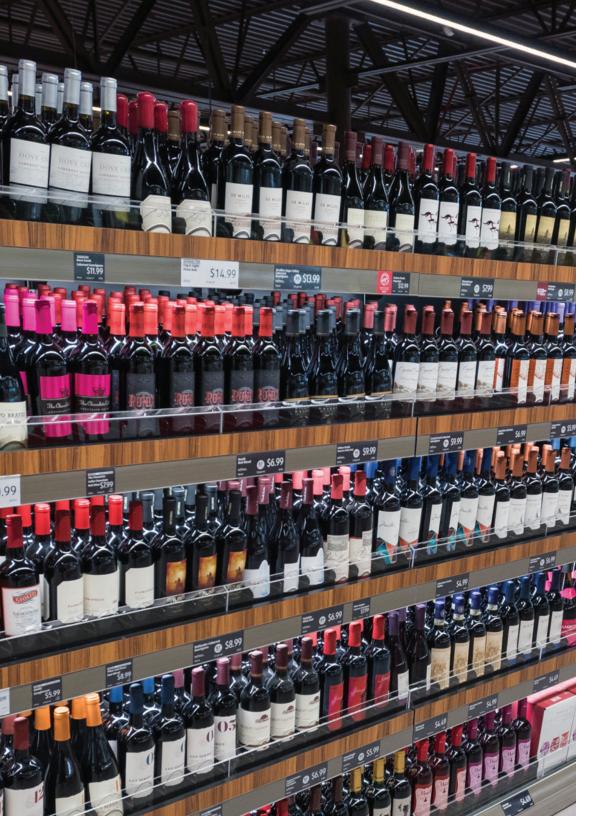

Vertical adjustability
Low-profile glides and 1" upright keyholes allows shelf spacing to be adjusted to incorporate a wide array of products.

Automatic facing eliminates the need to front face and decreases labor costs.

Specifications
